Haight's Election Assured.

If anything had been wanted to convince the people of Governor Haight's strength in this canvass, and the certain success of the ticket he heads, it has been supplied in the extraordinary efforts being made by his and his party's enemies to defeat him. In this connection, the reader's attention is first called to the audacious course of the Sacramento *Union*. It will be remembered that that paper took a leading part in the advocacy of Gov. Haight's claims to re-nomination at the hands of the Democracy, basing its support of him upon his integrity as a man, and his stern and uncompromising devotion to the interests of the masses as the chief executive of this State. It will not be forgotten also with what vigor and emphasis the *Union* eulogised not only Haight, the head and front of the anti-subsidy movement, but every one of the Spartan fourteen who stood by him in defense of the rights of the people they so worthily represented. The *Union* then pronounced the results of that session of the Legislature good, with the exception of certain anti-Chinese provisions, which it denounced as "unwise and against the spirit of the age." (Query: Does it endorse the seventh plank of the Republican platform now?) Here is a brief extract from a leader in the Sacramento *Union*, bearing date April 6th, 1870:

"But it is only the truth of history to add that the defeat of these bills is to be credited to Governor Haight, supported by an honorable minority in the Senate, whom no offers could seduce, nor threats intimidate, and whose judgements could not be muddled by the most artful sophistries. Some of these Senators hold over; the terms of others expired with the session. All of them merit that popular approval and confidence due to intrepid honesty and the faithful performance of duty in the face of severe temptation. And we take this opportunity of again placing their names before the country, with our own and the thanks of the public for their votes on this occasion. They are: Senators Burnett, Conn, Fowler, Hager, Hunter, Irwin, Larkin, Lewis, Mandeville, Minis, O'Connor, Pendegast, Perkins and Wand, in all fourteen, and just enough to prevent the overslaughing of the Governor's veto. All honor to these men! Their courage cowed, humiliated and utterly demoralized the voracious railway lobby. So sudden a fall from a dictatorial position to one of contempt, and almost pity, was never before witnessed in this Capitol. These fourteen Senatorial votes have virtually posted the railway strategists all over the State, and stand as a perpetual warning to the people and to future legislative bodies, that such corporations canhot be trusted with increased powers. The general results are better than were expected a month ago, but this is mainly due to the firmness and unquestionable integrity of the Governor in the last week of the session, and to the support he received from fourteen courageous Senators."

These sentiments, when taken with the fact that they were penned at a date when Gov. Haight was known to be an aspirant for renomination, may be considered as having been honestly entertained by the *Union*, since there could have been no motive for insincerity or misrepresentation. How much confidence, may we ask our readers, can be placed in the utterances of a paper claiming to be truthful and independent, that can so contradict and stultify itself, as to so abuse and misrepresent the men now whom then it so extravagantly praised, while at the same time it eulogises and supports for office Pacheco, Green and others, whom it then denounced, and called upon its readers to place upon a black list to be posted up for reference in the future?—*Mountain Democrat.*

THE PHILLIPINE EARTHQUAKE.—London, July 27th:—The earthquake in the Phillipine Islands, May 1st, affected in a terrible manner the small island of Camaquin, five miles from Misamis. For some months previously, especially in March, there was a succession of violent shocks which opened extensive crevices in the earth. Finally on May 1st, the village of Catarmin began gradually to subside, until the tops of the houses became level with the surface of the earth.

This remarkable phenomenon attracted a large number of people, when suddenly some terrific shocks were felt, and before the thundering reverberations had died away, the whole level plain fell in, engulfing 150 persons. The plain became the crater of a volcano 1,500 feet wide, and from it smoke, ashes and stones were thrown in the air. A pause until dark succeeded, when there was another explosion, and a rain of fire followed. The woods became ignited, and men and cattle went flying before the flames. The spectacle was frightful in the extreme. The volcano continues to eject stones and earth. The inhabitants have left the island, which formerly contained a population of 26,000. The island produced Manilla hemp, one-tenth of the whole quantity grown.

A LOOK AROUND THE WORLD.—Latest and best authority gives the population of the globe at 1,350,200,000: In America, 72,800,000; in Europe, 278.000,000; in Asia, 798,600,000; in Africa, 188,000,000; in Australia and Polynesia, 3,800,000. These people speak about 3,600 different languages, and are cut up into 1,000 different religious sects. The adherents of the principal religions, counting the whole population, are supposed to be nearly thus: Greek Church, 69,692,700; the six other Oriental Churches, 6,500,000; Roman Catholics, 195,000,000; Protestants, 97,139,000; Mohammedans, 160,000,000; Budhists, 340,000.000; other Asiatic religions, 260,000,000; Pagans, 200,000,000; Jews, 6,000,000.

AGGRESSIVE.—The Democrats in Sacramento are carrying on an aggressive warfare. They were, says the *Democrat*, the first to nominate legislative and county candidates, and as soon as the Republican Convention made its nominations, the Democratic nominees challenged the Republican nominees to a political debate. This was declined by the Republicans because they were afraid to face the truth. The Democrats have now decided to open the canvass in this county on the fifteenth of this month, while the Republicans do not commence till the seventeenth. In every instance the Republicans have been put on the defensive.

Cheering Prospects.

We have never felt greater confidence in the result of an election than we now feel. All the signs betoken a glorious Democratic victory. From every quarter of the State we are in receipt of words of good cheer and encouragement. We feel no hesitancy in predicting a greater Democratic majority than in 1867. Indeed, as we view it—and we wish our contemporaries to make a note of what we say—Haight will carry *every county in the State*. This may seem extravagant, but we say it with due reflection and from a conviction of its probable realization. Revolutions rarely go backward, especially when based upon the sober second thought of the people. Year after year since the close of the war the Democratic party has been gaining strength. The idea obtains that the Radical party has had its day—that its destiny has been fulfilled—that its work is accomplished—that it has no aims or objects now higher than the spoils of office. It has been enabled thus long to perpetrate its existence through the fears of the people. But the people are no longer afraid. They see that they can only accomplish through the Democratic party those great reforms in revenue and taxation and currency essential to the well-being of society.

When the people of California broke the chains of Radicalism it was by no spasmodic effort. The revolution was one of principle, and to go back to a rule which they had so emphatically repudiated would be a relapse unheard of in popular movements. The *people* demanded the nomination of Haight and the *people* demand his election. While they will not deny that he has committed some errors, they know that on the whole he has made a good Governor—that he has been true to their interests—that he has saved them from the domination of a great corporation "ring" which would have taxed them to their ruin. They are, therefore, unwilling to reject a tried man and take up an untried one.

Haight's re-election was a foregone conclusion six months ago. It is as impossible to defeat him at the ballot-box as it was to defeat his nomination. He is emphatically the man of the people, and independent of being the nominee of the party in the majority, he has a hold on popular favor that will render him irresistible. Verily the skies are bright and brightening. —*Examiner.*

FACTS AGAIN.—In the present campaign, says the *National Gazette*, the facts cannot be kept too plainly before the people; and the Sacramento *Union* furnishes enough to damn the party it supports. In its issue of June 27th it says, in 1867 the railroad people, having a project of their own to secure about 20,000,000 from the State, needed a Gubernatorial tool to help them, and they found that man they wished in George C. Gorham. He became their champion, "and to his standard flocked the greedy, needy and seedy from every corner of the State." To which class did Newton Booth belong? He must have been one of the train. Booth advocated Gorham's election with all his force, mind and body; his very watch-word was "Gorham expresses my sentiments," etc. With what sort of consistency can the *Union* denounce Gorham and his supporters as everything that is base and vile, and hold up Newton Booth as the embodiment of purity; the very man who was hand in glove and cheek by jowl with Gorham, in the campaign of 1867, made Gorham's sentiments a condition upon accepting the nomination for State Senator at the hands of the Republican Convention of Sacramento county. We cannot see the line of demarkation between Gorham and Booth. Booth rallied in the advance guard of the *Union's* "greedy, needy, seedy" train in behalf of his beloved friend and co-worker, Geo. C. Gorham.

OUR NEW MASTERS—THE CENTRAL PACIFIC PEOPLE.—We are informed on good authority that it is the intention of the Central Pacific Railroad Company to lay a double track from Sacramento to Davisville, and that next year the new track will be laid from Davisville to Vallejo. The grade across the Yolo tules will be raised and the road will be placed beyond all damages of the Winter floods. Next year the Company will commence the construction of a line of road from Woodland to Red Bluff, thereby bringing a large and thrifty section of country within convenient distance of the metropolitan market. It is probable that the branch road from Adelanta to Petaluma will not be built, or, at least, its construction will be delayed for some time. We expect to see the time within a few years when all of the roads will be under the control of the Pennsylvania Central Company—an organization whose property and capital are estimated at $500,000,000, and which bids fair to become the most powerful corporation and the greatest monopoly on the American continent.—*Vallejo Recorder, 15th.*

A REMEMBRANCE OF ANDREW JACKSON.—We dined at Jonesborough, the seat of Justice of Washington county, one of the very oldest towns in Tennessee. At that place, seventy-five years ago, Old Hickory Jackson, then a Judge of the Circuit Court at that place, when holding a court, ordered the sheriff of the county to arrest a notorious desperado named Bean, a celebrated outlaw in the early history of that region. The officer soon reappeared in the court room and reported his inability to make the arrest. "Summon a posse," thundered Old Hickory. "I have," said the sheriff, "but still we cannot make the arrest." "Summon me," ejaculated the wrathful Jackson. The sheriff gladly obeyed, and the man of iron will strode toward the culprit, the crowd eagerly following. Approaching Bean with bent brow, and gaze beneath which every human being that ever encountered it quailed, Bean's upraised arm dropped to his side, and he was led resistlessly to prison. The railroad passes over the precise spot of the arrest.—*Correspondence Macon (Ga.) Telegraph.*

THE Colusa *Sun* says that the Republican leaders are making a desperate struggle to keep all the Republicans from voting for Haight, and adds that they will, perhaps, with all this exertion, get nearly half the Republicans to vote for Booth, but a majority voted at the Democratic primaries, and then pledged their support to the Democratic nominees, and most of them are inclined to keep the promise.

Radical Intelligence and Virtue.

Every fellow in the Republican party who has sense enough to be reckoned above an idiot, and cultivation enough to write his name, makes it his business to charge that the Democratic party is supported and sustained through ignorance. If this were true we might reply that it is better for virtue to be supported by ignorance than for vice to run riot under the management of corruption, venality and down-right rascality. Claiming all the intelligence in the country, the Republican party is unquestionably the most corrupt that ever disgraced the Republic. It has made use of what intelligence it possesses to defraud and rob the people. Its history is one of trickery, deception and rascality. Its character is brought out in strong colors in the present campaign, which it is conducting with a disregard of truth and unscrupulousness that are utterly amazing. This charge of ignorance against the Democratic party comes with a bad grace from a party which has within its fold perhaps a million of ignorant semi-barbarians but yesterday released from slavery, and totally destitute of any knowledge of government; it comes with very bad grace from a party which knowingly, willfully and confessedly spat upon and trampled down the Constitution of the country, and was sustained by the voters within its ranks; it comes with a very bad grace from a party which has scarcely made a pledge since its organization that has not been wantonly broken; and whose corruption and rascality are unrebuked if not approved, by the rank and file.

This claim of superior intelligence is frequently coupled with another of superior virtue, although it is notorious that the Republican party swarms with scoundrels whose sole study it is to rob and plunder; and that it places in nomination and elects to office thieves, bigamists, murderers, occupants of assignation houses, defaulters and other vile characters. We do not envy the "superior intelligence" of radicalism. It is entirely too smart. If it knew less and were more honest and decent, it would be better for the country.

Need of Light in California.

Radical papers in California have been quoting itinerant items to prove that disaffection exists in the ranks of the Democracy of this State on account of the "new departure" feature in our State platform. But they have very little to say about their own "new departure." The following extract from the Boston Daily *News* of July 4th, will enable our readers to form some idea of the manner in which the Chinese plank of the Republican platform is received at the "Hub." It applies to California generally, and especially to our German and Irish fellow-citizens:

"We are told that the Republicans of California have inserted in their platform two planks commonly supposed to belong to the Democratic party. It is said they have taken ground in favor of the abrogation of the treaty with China, and against the immigration of the Chinese. Whatever may be said in favor of the first plank, it would be interesting to hear a statesman-like argument in behalf of the second. Naturally no one prefers to have anybody come to this country except those who are better than the average of the existing inhabitants. But upon what pridcipal the Government can select its immigrant is not apparent. Certainly, there are some Chinese merchants, and laborers who are quite above the average Irishman, or the average German, or the average Californian, for that matter, as respects industry, good sense, and even virtue. If we are going to have a policy of exclusion, let us go in for one that is founded on principle. This truth is, unless the friends of liberty, justice and fair play take some pains to help the best citizens in putting into their hands the means by which to educate the youths of that country to a true and fearless Christianity, the politicians there will be too much for us. These politicians are not blessed with deep and moral convictions, and in this case they seem to be hopelessly blind as to even a decent political economy."

THE DEMOCRACY AND TAXATION. At the close of Governor Downey's administration, on the 1st of December, 1861, the rate of taxation for State purposes was 62 cents on each $100. In 1862, after the Republicans had ruled one year, the rate was increased to 77 cents; in 1863, to 92 cents; in 1864, to $1 25; and when the Democrats again came into power, after six years of Radical rule, the rate of taxation was $1 13 on each $100. The first year the Democrats reduced the rate to $1, and during that year abandoned the foreign miner's license and stamp taxes, which were considered equivalent to a further reduction of 7 cents. In 1869 the rate 97 cents, and for 1870 and 1871 it has been 86½ cents. Thus it will be seen that during Haight's administration, the rates of taxation have been reduced 26½ cents on each $100. The matter, says the Stockton *Republican*, is plainly stated thus: Under Stanford and Low's administrations, a period of six years, the rate of taxation went up from 62 cents to $1 25 on each $100, and the debt was increased nearly $2,000,000. Under Governor Haight's administration—a little over three years—the rate of taxation has been reduced to 86½ cents on each $100, and the State debt reduced over $2,000,000.

HIGHEST FARM IN THE WORLD.—There is a farm four miles distant from Sherman Station on the Union Pacific Railroad which is said to be the highest in the world—an elevation of 8,000 feet. A correspondent of the Omaha *Herald* recently visited this farm where he found quite an extent of ground sown with oats, which were looking well. Potatoes, peas, beans and other garden vegetables were also looking well. Two hundred apple trees set out two months previously were nearly all living and doing well. Currant bushes were also thriving, while gooseberries and raspberries were growing well. The pasturage was excellent, with promise of a fine hay crop. The growing of fruit trees is considered an experiment. Vegetables and grain, however, are considered certain crops. There is a sheltering wall of mountains on the north and west, which do much to break off the cold winds.

The Protective Tariff.

The Stockton *Republican* in commenting on the statement of Collector Phelps that if we abolished the high protective tariff we could not pay the National debt, says: We will take a single article from a list of 195 on which the Government receives about the same amount in proportion to the sum collected. The duty on prussiate of potash is ten per cent., and the total revenue received by the Government is $4,584. There is but one large manufactory of this product in the United States, while the consumption of the article exceeds six million pounds. The price in England is twenty-six cents currency, per pound. The price in New York is thirty-eight cents per pound. From this it will be seen that the people of the United States paid during the year 1870 no less than $600,000 more for prussiate of potash than they would have for the same amount had the article been free. Of this $600,000 the Government received only $4,581. This is the way Phelps—Collector Phelps—a man who is one of them, and knows how it is himself, is going to pay the National debt out of the revenue derived from the protective tariff. The article is not an exception. There are hundreds on which the proportion of what the people are made to pay for protection, and what reaches the Government Treasury is the same. We pay $19,000,000 per annum protection on the article of pig iron alone, and but the smallest moiety of this vast sum ever reaches the Treasury. Every man who buys a nail or has his horse shod, contributes to this $19,000,000, which goes not to pay the debt, but into the protected pockets of owners of protected iron foundries. This shows how true was that portion of Phelps' explanation of how a protective tariff helps to pay the National debt.

The Ballot for White Men.

The Detroit *Free Press* says the Democratic party, while it accepts of the fact that the ballot has been placed in the hands of the colored men, and accepts of the fact that it shall not be taken from them, will not lose sight of the fact that the ballot has not yet been restored to the white men of the South—to the men who pay the taxes and whose intelligent influence is indispensable to the maintenance of free, enlightened governments in those States. We demand that all men shall be equal under and before the law, should have no unmeaning application. It should be extended to whites as well as blacks—that it shall in reality be universal and not partial. We deny that all there is of human rights attaches to the negro. Suffrage is not to be made a privilege of race. If it belongs to the Southern black man it belongs to the Southern white man. Putting the ballot in the hands of the Southern black and denying it to the Southern white is not only unjust and anti-Democratic, but an exhibition of partizan hypocrisy unbecoming of even the Radical party. The white men of the South are denied the ballot because they will not vote the Radical ticket. That is the kind of even-handed justice the Radical party indulges in. While clamoring about the inalienable right of every man to the ballot, it puts it in the hands of the negro and denies it to the white man; and this it does wholly from party considerations. It would deny the ballot to the negro as readily as it does to the white man were it not that he votes the Radical ticket. It is not the right of the negro to the ballot that it regards with interest, but the aid the negro vote will give the Radical party.

THEN AND NOW.—What a startling difference there is between the Sacramento *Union's* opinion of Governor Haight now and a few weeks ago, when it was urging his nomination. Then he was the only man in the State who had the moral courage to stand between the railroad subsidy ring and the people; now he never did and never could do any such thing. Then he was a man in whom the people could place the most implicit confidence; now he is worthy of no man's trust. Then his opposition to the schemes of the monopolists was eulogized as the noble act of an honest man; now he never did oppose those schemes. This is the straightforward course and steady consistency of a paper that boasts of its power and assumes and really does dictate to and control the Republican party of this State. An advocate of Chinese immigration, it eats its own record; a professed opponent of railroad subsidy, it seeks the election of a ticket made up of subsidy men; a hater of foreigners, it truckles for the vote of foreign born citizens; a stickler for the decency of discussion, it befouls its own nest. To-day it praises, fawns and flatters; to-morrow it slimes slanders and traduces. Has such a paper influence, and does such a paper lead a party?—*Stockton Republican.*

GOVERNOR HAIGHT AND THE SETTLERS.—Many of the leading Republican papers are filled with abuse of Governor Haight, simply because he refused to sign a bill giving to Hutchings & Lamon a large portion of the Yosemite Valley.

The grant of the valley was made to California, in trust for the whole people of the United States, upon the *express condition* that these lands should forever be held by the State, and should not be disposed of to any private individual or corporation.

Congress having donated the lands to California upon these terms, the Legislature of the State could not, of course, convey a perfect title to any one. Governor Haight in thus refusing to give these lands to Hutchings & Co., only did his duty. The lands had never been open to settlement, even before the State possessed them. The charge that Governor Haight is inimical to the interests of settlers, because of his action in this matter, is both abusive and false.—*Sacramento Democrat.*

THE charges made against Mr. Haight by the Radical orators and papers, says the Placer *Herald*, are evidences of their waning cause. They say he approved the lottery bill!—But so did Mr. Pacheco and so did Mr. Green, both candidates upon the Republican State ticket; and as these gentlemen, then Senators, voted for the bill before it came to the Governor, they were the first to set the example, and naturally one would suppose that they and their party ought to be the last to interpose objections.

S. S. COX.—Hon. S. S. Cox has consented to address the people of Vallejo at some time during the campaign.

DEATH.—Mrs. Vallandigham, overcome by the death of her husband and brother, died at Cumberland, Maryland, on the 13th instant.

KENTUCKY.—The Democratic majority in Kentucky, notwithstanding the "intelligent" negro vote, reaches nearly or quite forty thousand.

SO IT GOES.—The Oregon and California Railroad Co. have received their second land patent, covering selections to the aggregate of 12,200 acres of land.

OPENED.—The Pacific Methodist College at Santa Rosa was opened on Wednesday last in the new college building, with one hundred and twelve students.

"HOME AND HEALTH" is the title of a monthly magazine published in New York by W. R. De Puy & Bro., at the very low price of $1 50 per year. It is an excellent work and worth twice the price.

EDITORIAL COURTESY.—The editor of the *Mail* talks about "argument" and "editorial courtesy," but, if his paper is any criterion, he knows as little about either of those qualifications as a pig knows about poker.

POSTPONED.—The State Superintendent of Public Instruction announces in the California *Teacher*, that the State Teachers' Institute has been postponed until the first Tuesday in November. The session will last four days.

TERRIBLE.—It seems that the earthquake in December in the Malay Archipelago, destroyed four hundred and sixteen persons on one small island. It was accompanied by a sea wave. All living things on the island were destroyed.

PREPARING FOR ELECTION.—Three hundred extra men were set to work on Mare Island on Wednesday. The Vallejo *Recorder* says this has been brought about by Mr. Sargent, which is evidence enough that the object is to affect the election.

THE GERMANS.—Senator Schurz recently made a three-hour speech to the Germans of Chicago on the political situation. He is said to have favored universal amnesty, opposed San Domingo annexation, and spoke of civil service reform.

THE GOVERNOR AT VALLEJO.—While at Vallejo, several gentlemen who have heretofore acted with the Republicans told Governer Haight, postively, that they intended to vote for him. So it is wherever he goes on his tour of the State.

TO BE ADVANCED.—A telegram from New York, August 12th, says the Executive Committees of the Union Pacific Railroad and the Pacific Mail Steamship Companies met the day before and agreed to raise the rates of both freight and passengers.

GOOD JUDICIAL NOMINATIONS.—The *Plebeian* admits that the Democracy have made good judicial nominations. Of course they have. Nearly all the legal talent in the country affiliates with the Democracy, and therefore there is no difficulty in making good and proper judicial nominations.

WEAKENING.—We learn from the Sacramento *Democrat* that the Republicans of Amador county, understanding that their cause was hopeless, declined to make any Legislative nominations. The Democratic Legislative ticket is the only one now in the field in that county.

ASSEMBLYMAN.—How different are the records of the Republican and Democratic nominees for Assemblyman in this county on the subsidy question. Mr. Freeman voted for the subsidy to the California Pacific Railroad Co., while Mr. Sutton voted against that and all measures squinting in that direction. Choose ye between them.

A BIG THING.—The *Bee* says that Col. Von Schmidt's negotiations with the Central Pacific Railroad Company for constructing a tunnel through the Sierra Nevada of sufficient size to permit the passage of trains over the canal are likely to be successful. The tunnel will save seven miles of travel, over 1,000 feet of ascent, and almost the entire amount of snowsheds.

MONEY BEFORE LIFE.—The late fearful boiler explosion on the ferry-boat "Westfield," at New York, was caused by an ignorant negro who was employed by the owners of the boat as engineer. The fellow knew nothing of the principles of an engine or boiler, and caused the loss of a hundred lives by his ignorance. He was employed because the owners thereby saved a few dollars per month.

DAVISVILLE MEETING.—On Friday evening of last week after our paper went to press, the Democracy of Davisville had a real lively meeting which was addressed by Hon. J. R. McConnel in one of his best efforts, for nearly two hours. Judge Johnson then talked about an hour, making one of the happiest speeches of the campaign. Senator Minis, Supervisor Roberts, W. A. Henry, District Attorney Ball, Wm. H. Edwards, and others also addressed the crowd of enthusiastic Democrats. The booming of cannon and music by the Woodland Band added to the enthusiasm. Davisville is all right, sure.

Out of Their Own Mouths are They Condemned.

It is well known that at the last session of the Legislature, Governor Haight vetoed that infamous bill entitled "An Act to empower the counties of Stanislaus, Merced, Fresno, Tulare and Kern to aid in the construction of a railroad in said counties." Pacheco, the Republican candidate for Lieutenant Governor, endeavored to have it passed over the Governor's veto; so did Green, their nominee for State Controller, vote for it, both being members of the Senate—voted to impoverish those counties for the sake of adding to the overflowing coffers of the Railroad Company. The annexed is an extract from the Sacramento *Union* of June 27th, 1870, and it shows clearly that the counties named would have been turned over, body and breeches, to the railroad leeches, had it not been for the firmness of Governor Haight and the few firm Democrats in the Senate who stood by him, among them our own honored Senator, Wm. Minis. Pacheco and Green did all they could to carry the bill through over the Governor's veto. Reader, note carefully what the *Union* said would have been the effect if the bill had passed:

"The county of Kern, for example, has a sparse population, and a total taxable property, real and personal, amounting to but $1,200,000. This proposed road would traverse the county for at least 100 miles; we think 120. It would create a debt at once of $600,000 to $720,000—not less than fifty per cent. of the whole taxable value of the county! The taxes of Kern last year were as follows: State, $11,501; county $16,685; total, $28,247. About two and a third per cent. The railroad bonds would run at seven per cent. and the annual interest on them, to be raised by taxes on the property and industry of the county, would be from $42,000 to $60,000. Add the smallest of these sums to the present tax payments of Kern, and we shall have the startling aggregate of $70,247; to raise which would demand an annual tax of five and nine tenths per cent—which is the legal interest of money in most of the States, and but one per cent below it here. The case of Kern is little worse than that of all the other counties, but no worse in principle. It is a naked proposition to allow a railroad corporation to reduce these counties into bankruptcy and put a millstone about their necks which will forever press them down.

FALSE.—Our neighbor of the *Mail* is mistaken in his statements in regard to the county indebtedness, and infamously false in his tardy pretense that the Democrats have been wasteful in their administration of the county government. He and his professional and vile fellow-farsifiers, have waited until late in the campaign, to utter falsehoods which they imagine cannot be contradicted in time for the election. He forgets that his veracity, like his talent for manipulating figures, is of no value and has no weight with citizens who have elected and confided in the Democratic officials who have managed our county affairs. His charges of extravagance and corruption, to have any weight, should have, first, been made in good time for a fair and full answer, and, secondly, vouched for by some one whose honesty and intelligence are undoubted. We can, in good time, compare notes and show the difference between the management of the Democrats and that of the Radicals who have run our county machinery, and we challenge investigation, and defy any but falsifiers and base slanderers to state any one act of corruption or extravagant expenditure by our Democratic officers in charge of the county finances. We shall have more to say in regard to this election falsehood, at a moment when our citizens may hear something which will make our Radical cotemporary regret the introduction of the topic of "stealing." But as he commenced throwing dirt he must not be surprised if the retort should be something more weighty.

CHINESE IMMIGRATION.—It is rather strange that some of our opponents should be so forgetful. Many of the Radical newspapers and orators have pretended to find fault with the last Legislature for not passing laws prohibiting Chinese immigration, knowing all the while that its hands were tied. In proof of our position, we find in a late number of the San Francisco *Chronicle*: "The people are aware that the State cannot pass any law at variance with the treaty." And its Vallejo namesake also says: "Intelligent Democrats understand that *it is not within the power of State Legislation* to prohibit the immigration of Chinese to California." How foolish it is for the Radicals to find fault with the Legislature for not doing what their own organs admit it was tied down and prevented from doing by the treaty made by the United States Government with the Chinese.

DELINQUENT TAXES.—The *Mail* says "there are over $23,000 on the delinquent tax books of 1869-70." This is a gross falsehood, told for partisan purposes. The whole delinquent roll returned for 1869-70 amounted to but $14,579.11. Of this sum more than $4,000 has been collected, and a large portion of the remainder is tax on mortgages, which has been put in the way of collection, and is now awaiting the result of a case pending in the Supreme Court, in which the constitutionality of the Law exempting mortgages from taxation will be decided. Try again neighbor, but tell the truth instead of misrepresenting the facts. Our county officers are not ashamed to have their record criticized. They invite criticism, but they despise wilful falsifiers.

DEMOCRATIC APPOINTMENTS.—Messrs. Coghlan and Pearce, Republican and Democratic nominees for Congress in this District, will be in Woodland, August 26th. Messrs. Dudley and Cowdery speak here on Wednesday August 23rd. In consequence of this, the appointments announced on the posters for Woodland and Buckeye have been reversed, so that the Buckeye meeting will take place on Tuesday next, August 22d. There will be meetings at Cacheville, Thursday, 24th, and at Davisville, Friday, 25th. To-night, Saturday, 19th, there will be a meeting at Weyand's. Let the cannon boom and music sound the notes of coming victory.

FORCED LEVY.—We learn from the Solano *Democrat* that the shameless system of taxing the men employed on Mare Island for the support of Republican Clubs is still continued. Laborers receive $2 13 per day, enrrency, and out of that are compelled to pay for Radical torch-light processions. Laboring men, what do you think of that? And yet the party that levies these forced contributions is asking workingmen for their votes. Will laboring men thus lick the hand that smites them?

EDITORIAL CHANGE.—Sam Scabough, who for years has been chief editor of the Sacramento *Union*, and has contributed largely towards giving that paper the reputation it has earned as an independent journal, has left its editorial staff, since which time there has been a marked difference in its tone and tactics. Scabough was a strong anti-subsidy man, and opposed to high tariffs and other measures which oppress the people. Now the *Union* is going back on its own record.

COMTE AND LASPEYRE.—These two gentlemen addressed a large audience in Washington Hall on Monday evening last. They told our Republican friends who were there to hear them, a great many wholesome truths, which we trust will bring forth fruit in its season. They are both good speakers, and although they were weary from much talking and traveling, they were listened to with deep interest for several hours.

A Dastardly Act.

At the Republican meeting on Saturday night last, after the imported speakers had finished their say, W. J. Campbell, of this county, a man known to every one in this community, in response to repeated calls, went upon the platform to make a Booth speech. Mr. Campbell is an elderly, well-to-do farmer, and has for some weeks past declared his intention to vote for Booth, and had repeatedly cheered for Booth during the evening. He had no sooner got upon the platform and faced around to the chairman than the latter, without the least paovocation and without any word of remonstrance or objection, sprang upon him like a tiger and with all his strength pushed the old man backwards headlong off the platform on to the plank sidewalk some three feet or more below. Being a heavy man he fell with great force and was of course stunned and bruised by the fall. And then while the poor fellow was lying there insensible, the chairman, as though he had merely kicked a dog out of his way, did not stop to see if he had killed the victim of his ferocity, but proposed three cheers for Newton Booth, and they were given by some of the Republicans present; it is to the credit of others, however, that they not only did not cheer, but cried shame, and walked away from the meeting disgusted at what they had heard and seen.

In the foregoing we have simply related facts, which hundreds of witnesses will verify. And now, it is but justice to our readers that they should know who was the chairman of that meeting. He was none other than L. B. Ruggles, now President of the Board of Supervisors of this county and has been renominated by the Republicans of the First Supervisor District, composed of Woodland and Washington Precincts, for re-election. We do not believe the voters of this district will be willing that such a man shall act as the guardian of their interests in so important a capacity as Supervisor, for that shameful act, if there were no other reasons for his defeat, should receive a verdict at the polls that will hereafter consign the perpetrator to private life forever.

ANDY JOHNSON ON GRANT.—A correspondent of the New York *Tribune* has been interviewing Andy Johnson, who thus expresses his opinion of General Grant:

Mr. Johnson expressed with great freedom the opinion he entertains of General Grant. "Grant," he said, "is wanting in integrity, wanting in intelligence, and wanting in the will to promote the good of the country. The little fellow is selfish and avaracious beyond bounds. His cupidity knows no limit. He is no statesman and no soldier. He never displayed any generalship. He marched at the head—no, not the head, but the rear—of an immense column of men that would have accomplished the same results had he been in the moon. Grant was a mere unimportant incident. He never showed a spark of genius. What inspiring remark did he ever make that cheered his soldiers and helped to win a victory? When did he ever put himself in danger, like Napoleon at the bridge of Lodi, to give courage to his troops? He never showed a single trait of generalship. He had no sympathy with his men he never visited the hospitals or showed any sympathy for the suffering. He is utterly remorseless. He is no leader. He had no plans, no strategy. I repeat that for any good he might have done in putting down the rebellion, he might as well have been in the moon." Mr. Johnson said he had no doubt that Grant would be renominated. Grant wanted the nomination for the purpose of making more money, and he had the power to make the Republicans give it to him.

ANOTHER RADICAL CHAMPION.—Bingham, of Ohio, who stands prominent before the world as one of the murderers of Mrs. Surratt, has been prevailed upon to come to this State to help the failing cause of Radicalism. An exchange says his hobby appears to be the defense of the Bayonet and Kuklux bills. He is canvassing in company with Senator Cole, who, it will be recollected, said in the Senate that the passage of the Bayonet bill was rendered necessary because the last Democratic Legislature of this State attempted to interfere with Chinese immigration. And those two worthies are asking workingmen to vote the Radical ticket. The very height of impudence! The one assisted to murder an innocent woman, the other would take the bread from the mouths of poor men and their families by overrunning the State with hordes of Chinamen, and thereby preventing the laboring man from obtaining a decent livelihood.

GORHAM.—The Radicals tell us the cause of their defeat in 1867 was Gorham's unpopularity. If this be true, what do they expect to gain by that same Gorham's stumping the State for their candidates at this time? We are not aware that he has succeeded in removing the odium attached to his name since then. If he was unpopular then, he is equally so now. But there is a fellow feeling between Gorham and Booth. The latter gentleman worked hard for the former when he ran for Governor, and shared the chagrin accompanying the Waterloo defeat administered at that time by the Democracy of California. Booth must know that he stands no shadow of a chance of being elected, and he has prevailed upon the unpopular Gorham to help do the work of the campaign, and after that to bear a part of the obliquy of being defeated by the votes of the people. Verily "a fellow feeling makes us wondrous kind."

SHOWING THEM UP.—The New York *Post* is a leading Republican paper, yet unlike most of them, it has the honesty to denounce the dishonesty of its party leaders in the following strain:

"The Government now collects by taxation $100,000,000 per annum more than it needs for current expenses, including the interest on the debt. This vast surplus of two millions of dollars every week is a perpetual temptation before lobbyists and Congressmen, and is the main incentive to every extravagant scheme. So long as it continues to be collected all the resources of human ingenuity will be employed to bring about the use of it for the promotion of private schemes by grants, subsidies, local improvements, new offices, increased salaries and general wastefulness."

IMPUDENCE.—A late number of the Vallejo *Recorder* referred to that spicy Democratic daily paper in Stockton as the "San Joaquin *Republican* (misnamed.")) And now we would ask wherefore is the *Republican* "misnamed"? It was christened years before the Republican party was thought of, and it has always advocated such principles as would tend to perpetuate this Republic. Because it is a Democratic paper it is misnamed, forsooth. No paper has a better right to the name or does more to establish true Republican principles, as distinguished from those announced by the Radical Black Republican party of the present day.

BOOTH AND THE CHINESE.—One of the causes of Gorham's defeat in 1867 was his position on the Chinese question. He was bold and outspoken in favor of their immigration, and in that respect was far more honorable than many of the Radicals of to-day, Mr. Booth among the number, for he endorsed Gorham's letter to the Anti-Coolie Society, and says "let the record stand." Yet he is sunning upon a platform which pretends to oppose Chinese immigration. If this is not the grossest inconsistency we would like to know what is.

DON'T DO IT.—The *Mail* advises its friends at a distance to bet upon the Republicans carrying Yolo county. Whoever does so will surely lose their bets. If persons here at home see fit to run that risk, knowing that there is a strong Democratic majority in the county, they do so with their eyes open; but to advise any one living at a distance to such a course is just about equal to taking money out of a man's pocket without rendering an equivalent therefore.

HESPERIAN.—The next term commences on Monday next.

Letter from Oregon.

DIXIE, Oregon, July 29th, 1871.

ED. DEMOCRAT:—Since my last, the weather clerk has been acting a very fickle part. On the 25th heavy clouds appeared in the southwest, with thunder and lightning, which continued through the night, and on the morning of the 26th it commenced to rain, and such rain we very seldom see in this State. It has continued cloudy, with occasional showers, up to this writing, and from present indications we will have a harvest similar to that of '69, during which, we had rain in such abundance that fully one fourth of the grain crop was spoiled, at least for making of flour out of it, but it was used to a good advantage by a majority of the people in fattening hogs. There are some farmers, even now, who think that they can see far enough ahead to know that the wheat crop will be sprouted, and as a consequence they are buying all the hogs they think their crops will fatten. It will be all of thirty days before the great bulk of the wheat will do to harvest, and by that time we may have fine summer weather.

The Clark-Watkins affair, spoken of in my last has been through the Courts, Judge Thayer presiding, and Watkins was fined $200 and costs. I send you a copy of Clark's paper, wherein you will see a specimen of the Oregon style of getting even when one is worsted judicially. Our young and talented prosecuting attorney comes in for a full share of abuse, although the sentiments of the people, regardless of party, totally exonerate him from any blame whatever.

There are various railroad projects on the tapis now in this State, among which may be mentioned one running from the capital to Astoria, and another from Corvallis to Yoquana Bay, where it is stated there is a splendid harbor and a good natural railroad route.

Land is steadily advancing in price, especially in good farming districts, choice farms having lately sold at twenty-five dollars per acre that one year ago could have been bought for twelve dollars.

The principal organs of the Democratic party have come out squarely in favor of the "new departure," and the party has in the main the situation. I see that the Republicans of California have adopted a solid paragraph from Gov. Grover's inaugural address into their platform without so much as giving the Governor credit for the same. By the way, I would here remark that the paragraph alluded to is in regard to Chinese immigration, with the gist of which of course your readers are familiar.

Times are dull; items are scarce; the health of the country is decidedly good. Navigation of the Willamette is very difficult on account of low water. Ben. Holladay has finished his railroad to the 150-mile stake. R. CLARK.

WOOD'S HOUSEHOLD MAGAZINE for August, continues to demonstrate the wonderful success which was attained by this periodical during the past four years. Its motto seems to be "How Much for How Little," for there is no other Magazine in the world, which gives so much for so little money. James Parton, Phoebe Cary, Dr. Dio Lewis, Rev. Thomas K. Beecher, Dr. W. W. Hall and Gail Hamilton are regular contributors. Among its occasional contributors are Harriet Beecher Stowe, Horace Greely, Brick Pomeroy, Mary Clemmer Ames, Joel T. Headly and John G. Saxe. The publishers have not only procured the very best literary talent, but they have secured such variety and adaptation of matter as make it a general favorite among all classes. We would advise our subscribers to address the publishers, S. S. Wood & Co., Newburgh, N. Y., who will mail three months numbers of the Magazine free to every person who shall furnish his address.

INCONSISTENT.—How utterly inconsistent are the Rads on the Chinese question. They have made all these idol-worshipers who are born in this country eligible to citizenship as soon as they are twenty-one years of age; under the encouragement of that party they are being brought to our shores by ship loads; the treaty made by the great Simon-pure Burlingame guarantees to them all the privileges granted to those of the most favored nations; Booth "stands by the record" of the Gorham letter of four years ago written in their defense and stating that "we must not build up a wall against them in this country, but the more of them we have here the better." Yet in the face of all these facts their platform attempts to gull the people by pretending to oppose Chinese immigration! Could there be greater inconsistency? They insult the people by thus trifling with their intelligence.

CHANGES.—We hear of many changes in favor of the Democracy. The following active and prominent Republicans may be mentioned as having declared their intention to support Gov. Haight. Many others of less prominence might be named: Honorable O. C. Pratt, Republican ex-District Judge; Elisha Cook, Esq., the distinguished lawyer of San Francisco; Judge Woodworth, of Petaluma, United States Commissioner of Bankruptcy; Colonel A. P. Dudley; Mr. Greenfield, a prominent German citizen of Oroville; Honorable Edward Tompkins, of Oakland, a Republican hold-over State Senator; and Honorable John B. Felton, Republican ex-Mayor of Oakland.

ANOTHER RADICAL DEFALCATION.—A Philadelphia telegram of August 14th says: The *Bulletin* to-day, contains an exposition of alleged defalcations in the collection of the Pennsylvania war claims from the General Government, amounting, with interest, to over $265,000. There's more Radical "honesty and intelligence" for you. Only a little over $265,000! That's not much for a great country like this, especially if it is done in the name of liberty and loyalty. How aptly did Senator Comte, in his speech in Washington Hall the other evening, quote the dying remark of Madam Roland: "Oh Liberty, how many crimes are committed in thy name!"

THE PROGRAMME.—The Placer *Herald* learns that a Radical nominee for the Assembly in Sacramento has made a bet that Newton Booth will be the next United States Senator from California. We have had no doubt from the first that this was the plan, but as there is no earthly chance for Booth's election to the Governorship, nor for a majority of Radicals to be elected to the Legislature, we have not the slightest fears that the programme will be carried out. We can think of no worse calamnity that could befall this State than that it should succeed and the corrupt Pacheco be elevated to the Governorship.

ASHAMED OF IT.—The *Mail* avoids saying a word about the disgraceful close of the Edgerton meeting, when the Chairman disgraced himself and those he represented by violently pushing an old man backwards off the stand without any cause whatever.

SCHOOL TAX.—The collector wishes us to mention the fact that the time allowed for collecting the special school tax in this district will expire on the 25th of August. His office is in Good Templars building—hours from 9 till 4 o'clock.

PUBLIC SCHOOL.—The next term of the Public School commences on Tuesday next, Aug 22nd. The teachers are Mr. Templeton, principal; Mrs. Rosboro, Miss Freeman, and Miss Ruggles.

"DIE MODENWELT."—We have received the two numbers for August of this best of fashion periodicals, published semi-monthly by S. T. Taylor, 391 Canal street, New York, with supplement of patterns and diagrams for braiding, embroidering, colored fashion plates, etc. Price, $3 a year.

HEARTLESS SCOUNDREL.—A man named Charles Glockler, supposed to be a respectable, good man, living about a mile north of Davisville, having been on the place since 1858, about two weeks ago decamped in the night, leaving his wife and six small children behind, and taking with him a German girl who is his wife's cousin and has lived with the family two years. Although Glockler had a fine farm of 640 acres he leaves his wife and family almost penniless, having mortgaged his farm and stock to raise money. Besides this, he borrowed $1,500 from his brother-in-law, Fred Wilder. Altogether, he is said to have taken away about $2,500, while the girl had about $500. Mrs. Glockler is said to be a very estimable woman. This is one of the worst cases of heartless desertion we have ever been called upon to chronicle. The runaways are supposed to have gone to Mexico.

MISS ANTHONY.—Mrs. Stanton has been announced for two weeks past to deliver a lecture in Woodland, but when the time came, Thursday evening, instead of Mrs. Stanton, Miss Susan B. Anthony held forth to the disappointed audience. Miss Anthony said some very good things and some which we do not endorse. She told the audience flatly that not only did the 14th and 15th amendments confer the franchise upon the negroes, but that under those amendments the women and the Chinese could also claim the right to vote. Many agree with Miss Anthony upon that point. We shall soon have a universal *brotherhood of woman* as well as man.

A SAMPLE MORCEAU.—Says the *Yolo Mail*, "Republicans wish every voter to read his ticket and platform, Democrats object, as that strikes the death knell to the Democracy." Can it be possible that the writer who penned those words believed what he wrote? We don't believe he did; but if he did he is certainly a most benighted individual. If he did not believe it he was guilty of wilfully slandering a large majority of the voters of this State. A respectable paper would not print such stuff; but nothing seems to be too vile for the sheet which contained the words quoted above.

BOARD OF EQUALIZATION.—This Board met on Monday last to commence the business of equalization of assessments for the year 1871, and continued in session three days. The following parties were notified to appear before the Board on Monday next to show cause why the assessed value of their real estate should not be increased: S. P. Barnes, Henry Clanson, S. H. Lettner. California Pacific Railroad Company was also notified to appear on Monday, Aug. 28th. Adjourned to meet on Monday next at 9 o'clock A. M.

THE DRAWING.—The Management of Woodland Gift Concert announce that the drawing has been postponed till the 25th of September, when it will positively take place. This is "positively the last postponement—there will be no cancellation of tickets, no reduction of prizes." All who want tickets must apply soon, for as the time for the drawing approaches they go off rapidly. We know everything connected with the drawing will be done on the square, as the managers are among our most reliable business men.

BOARD OF SUPERVISORS.—Board met on Wednesday 16th, full Board present.

Petition of J. M. Dutton and others for a new school district to be formed out of portions of Haight and Fairview districts presented to the Board. Also remonstrances from Haight and Fairview districts against said petition. After hearing evidence and argument of counsel, the petition was denied.

There being no other business of importance before the Board, adjourned to meet on Monday next.

SUIT AGAINST THE COUNTY.—Joseph Griffin, feeling dissatisfied with the award of damages made by the Board of Supervisors, on account of a certain road running through his premises, from southwest corner of section 6, to Buckeye school house, has brought suit against the county for $780 damages.

JUST SO.—A friend, who heard the so-called lecture of Miss Susan B. Anthony, on Thursday evening, thinks she must be a blood relation of Col. Jim Anthony of the Sacramento *Union*; for, he declares, they both exalt the Negro and Chinaman and are down on the Irishman.

PANORAMA.—Bachelder's Panorama was exhibited in this place on Wednesday evening. There was but a slim attendance, but the expression of all who were present was that it was the best that has ever visited this coast. It was certainly the best we have ever seen anywhere.

PATENT RUBBER SPRING BUGGY.—We took a ride in one of Elliott's patent rubber spring buggies the other day and found it as easy and pleasant a vehicle as we ever rode in. The great advantages claimed for it are ease, cheapness and durability, all important considerations.

HARD UP.—At the Republican meeting in Davisville a week ago, a chairman was chosen from another county. The audience was over half Democratic, and one of the speakers announced from the stand that it was hard work to talk do such a crowd.

THE COSMOPOLITAN.—It is seldom that you have an opportunity to invest the small sum of only $3 50 with so fair a prospect to win the magnificent sum of $35,000, gold coin. Even the $15,000, $10,000 or $5,000 would not be bad to take.

FINE GRAPES.—Johnny Spurgeon left in our office recently a very large bunch of grapes of the flesh colored Tokay variety, which were raised on the Frank Barnes ranch. They are rich and delicate in flavor, splendid for the table.

MUSIC.—The Woodland Band will be present at all the Democratic meetings in the county during the campaign. A first rate idea.

Republican Meeting.

On Saturday night last there was a meeting of the Republicans and Democrats of Woodland to hear Henry Edgerton. The meeting was organized by electing L. B. Ruggles chairman, who stated that Mr. Edgerton was not present, and announced that Mr. McFarland and Mr. Ferree, of Sacramento, would address the audience, introducing the first named. Before proceeding farther we will mention that this McFarland has a not very enviable reputation, at least he has not in the opinion of many of his auditors, ladies as well as gentlemen. We should have said at the outset that there were a good many ladies present. Well, this McFarland, in a public speech a few years ago, said that rather than let the Democrats come into power *we had better give our wives over to the negroes, and our daughters to prostitution.* These may not be the exact words, but we believe it is the idea he enunciated, exactly. And the being who uttered this obnoxious sentiment is brought to Woodland to address its people on the political issues of the day! Our people are willing to hear those questions discussed by gentlemen of both parties, but we submit that such remarks as are here referred to do not sound like those of a gentleman; and further than that, had the ladies present in that audience known the man who was going to address them, we venture to say they would not have been there to hear him. True, he did not get off anything of the kind on this occasion, the circumstances being different, and being in a Democratic community. But, under similar circumstances, doubtless the same detestable utterances would escape him. What he did say amounted to nothing for the Republican cause or candidates, if we can judge from the frequent expressions in the audience. He went over the beaten track by saying the Democracy was dead; if they had the power they would dissolve the Union to-morrow. The 15th amendment was the greatest piece of legislation ever accomplished; repeated Wilson's nigger story; talked about the Amador difficulty; tried to about Haight, McClellan, and the Democracy generally, and wound up with the same strain in which he commenced, that the Democracy was dead and the Republicans would make it deader in September next. The next speaker ranted and tore the air in a terrible manner; said over a doggerel; placed himself in an attitude of prayer several times; evoked the direst calamities upon the Democracy, and subsided without attempting an argument in behalf of the Republican party or its principles. One of the speakers also got off that stale yarn to the effect that where there is a lack of school houses, there the Democracy are sure to be found in the ascendant. But the condition of our own county and of the whole State gives the lie to that statement at once and clinches it upon the villifier. The meeting altogether, except that it was respectable in point of numbers, was a very poor affair. Finally the Chairman, after having disgraced himself and the position to which he was chosen, by pushing an old man who had been called for to speak, and who though partially inebriated, had come forward for that purpose as a Republican and in good faith, backward and headlong off the stand and on to the plank side-walk, adjourned the meeting and proposed three cheers for Booth.

After the audience had dispersed, a prominent Republican was heard to remark that that meeting had done them no good—Sacramento was always sending her d——d scrubs over here.

PAUL BOULON'S BAND.—A story comes to us from San Francesco so *au naturel* that we must give it a place in the columns of the DEMOCRAT. It is now about a fortnight since a number of Kloppenberg's friends, wishing to compliment his integrity in the management of the city Treasury, got up a serenade and engaged Paul Boulon's Band to move the stilly midnight air with strains divine. Among friends who conducted the affair was a young man who apparently meted out music by the cubic yard. The tasteful and subdued pathos of the band did not please this non-Apollo-getic young man and he insisted on *more music, mein Gott!* The Band-leader met these appeals with scornful silence. Not so the trombone. He shifted uneasily from the first. At a repetition of the demand he dropped his trombone over his left arm and with a look of intense disgust overspreading his classic countenance he exclaimed, "Sacre! vere you dinks de vind comes from, ha?" The Band was invited in to lemonade, Boulon will be remembered as at one time leader of the Woodland Band.

FRENCH RESTAURANT.—The restaurant near the Postoffice has been recently overhauled and refitted by Mr. A. Mellasich, who understands thoroughly every department of the business, and now has the restaurant in full blast. He also has good lodgings for quite a large number. His rates are as reasonable as his fare is good.

Premature grayness of the hair should be prevented, and the best and surest preventive is Hall's Vegetable Sicilian Hair Renewer.

SPECIAL NOTICES.

THE Erie Canal is a great work, but a more wonderful canal traverses every part of the human body, and is filled with blood. Myriads of tiny boats loaded with waste water, worn out and thrown off by the system, pass through this canal; other boats carry fresh matter, made from food into every part, and the two processes never cease during life. Good blood is indispensable to health, and to secure this, use the great blood purifier and renovator of the system, Dr. Walker's California Vinegar Bitters.

Debility and Emaciation.

Both result from the lack of ability to convert the food into nutriment. How necessary, then, for those suffering from these alarming symptoms to immediately resort to a remedy that will strengthen the stomach and digestive organs. For, as soon as this desirable object has been accomplished the health improves, and the patient resumes his usual personal appearance. Hostetter's Stomach Bitters have attained a world-wide popularity in such cases and have proven the best and safest means of removing constipation, toning the stomach, giving energy to the liver, and relieving every symptom of nervousness and depression of spirits. Its cheering and beneficial effects are highly spoken of by thousands, who owe to it their restoration to health. No restorative in the annals of medicine has attained the same popularity in the short space of time it has been before the public, or has won the high endorsements accorded to this excellent tonic. Many other preparations purporting to be correctives and restoratives, have been introduced, and have perished one by one, while the popularity of Hostetter's Stomach Bitters continues to increase, and is now recognized as a standard household medicine. The success which attends the use of the Bitters evinces at once its virtues in all cases of debility and disease of the stomach. Certificates almost without number, have been published, attesting its truly miraculous power in removing those painful and fearful diseases. And at this time it seems idle to do more than call attention to the great remedy of the age, in order to awaken public attention to its excellence. It is the only preparation of the kind that is reliable in all cases, and it is therefore worthy of the consideration of the afflicted.

CARRIAGE AND WAGON
MANUFACTORY!
CORNER MAIN AND FOURTH STS.,
Opposite Gas and Water Works,
WOODLAND, CAL.

LIVERYMEN, FARMERS
AND TEAMSTERS
Will find my make of BUGGIES, SPRING and LUMBER WAGONS, the best in any market for their use.

REASONS WHY:

BECAUSE they have as good if not the best reputation at home. Each Wagon is perfect in all its parts.

BECAUSE my prices are as low as the lowest for first-class work.

BECAUSE I can furnish the highest home testimonials as to their durability and lightness of draft.

BECAUSE none but the best and most experienced mechanics are employed in their construction.

BECAUSE they are built upon scientific principles, combining the greatest strength with lightness of draft.

BECAUSE wherever introduced they are generally preferred by Liverymen, Farmers and Freighters.

BECAUSE they are made in a very DRY CLIMATE, and from that fact are far superior for service to those built in more moist or damp parts of the country.

BECAUSE I give rules for taking care of carriages.

First—The carriage-house should be apart from the stable, as the ammonia arising from horse manure will in a very short time destroy the varnish on a carriage, and then the owner ignorantly charges the carriage maker with using inferior varnish.

Second—In washing a buggy cold water should be used freely, so as to remove the dust and sand before using the sponge and chamois skin.

Third—Never turn the hose under or on the seat, for the water will loosen the canvass and glue, and cause the corners to give way and the body to go to pieces.

Fourth—To preserve the wood and save expense, the carriage should be kept thoroughly painted and varnished.

Fifth—I am better prepared than ever, to Paint, Ornament and Varnish Carriages, Wagons, etc. I have in my employ the best of buggy painters, and use none but the best articles of paints, oils and varnishes; the above in connection with my Paint Shop and Varnish Rooms, which are as good if not the best on this Coast, being hard finished and free from dust. I can, and have turned out as smooth, clean and nice finished jobs as can be done in the State.

Sixth—Those wishing to get their buggies, carriages, etc., repaired and painted, will do well to call at my shop and examine my superior advantages over other shops. I am willing to abide by the injunction, "by their works ye shall know them." I am willing that my work shall praise me; I ask no other endorsement. This endorsement I have had in past years; this I expect to merit and maintain in the future.

THE GREAT
BLOOD PURIFIER.

JUDGE S. HEYDENFELDT says: "My attention was called to it about eighteen months ago, when I had been suffering with rheumatism for more than a year, and had failed to find relief from other remedies. The YERBA SANTA relieved me entirely in two days. Some ten or twelve cases of Rheumatism, two cases of Gout and two cases of Neuralgia have been relieved within my immediate knowledge." R. H. SINTON says: "I fully concur with Judge Heydenfeldt in regard to the curative powers of YERBA SANTA. I have myself used it, and take pleasure in recommending its use to those afflicted with Rheumatism in any of its forms." T. J. JENKINS, M. D., (Physician to Butte County Hospital,) says: "I have used YERBA SANTA for some years in my private practice as physician. I have found it invaluable in cases of Chronic Rheumatism, and of much benefit as an alterative Blood Purifier and tonic." FRANK MATHEWS, of Oroville, says: "Some years since, I was a martyr to Rheumatism, and feet, unable to move except with crutches, at all times suffering great pain. I was induced to try YERBA SANTA, and soon experienced great benefit from its use. I am at the present time and in- deed healthy, I recommend all who are afflicted as I was to try it." CHARLES WALDYER, of Cherokee, Butte county, states: "For many years a sufferer from Rheumatism in its most painful type I sought relief in vain until I was induced to try the YERBA SANTA, when I found perfect restoration to health. I have recommended it to many friends, and in all cases a perfect, a speedy and permanent cure was the result of the use." J. R. ROBERTS, of San Francisco, says: "I had for three years been afflicted with the Rheumatism, to such an extent that in all that time I was unable to do any work. I was at last induced to try YERBA SANTA; after using two bottles I was completely cured, and am now as well as I ever was in my life." M. H. DARRACH (County Clerk of Butte county,) says: "I have seen much of the beneficial effects of YERBA SANTA in Scrofula, also in Salt Rheum, Rheumatism and Neuralgic affections. I believe I know of no instance where it has failed to cure." YERBA SANTA completely restores the system when impaired by disease, revives the action of the kidneys, and radically cures scrofula, Salt Rheum and all eruptive and cutaneous diseases. It is PURELY VEGETABLE, being made from an herb indigenous to California. It is therefore peculiarly suitable for use by Females and Children, as a Blood Purifier and Renovator. YERBA SANTA is for sale by all dealers in family medicines.

BEN BUTLER.

"The following well conceived paraphrase on Leigh Hunt's delightful little allegory," says *Figaro*, "is so good that we cannot let it pass." Now, Ben the Beast is perhaps the most unpoetic subject extant, yet he is here nicely done up in rhyme:

ABOU BEN BUTLER.

Abou Ben Butler (may his tribe decrease)
Awoke one night from a deep dream of peace,
And saw—illuminated by the silver moon
And glistening like (curse similes!) a spoon!—
A golden writing in a book of gold.
A fellow feeling made Ben Butler bold,
And to the presence in the room he said
"What writest thou?" The vision raised its head
And, with a squint peculiarly uncivil,
Answered, "The names of those who serve the d—l."
"And is mine one?" said Butler; "Well I *guess* so,"
Replied the demon. Butler muttered "*jesso.*"
Then louder—"If there's any doubt shrewd sir,
Write me as one who serves himself."
The goblin wrote and vanished. The next night
It came, blue-gleaming with a sulphurous light,
And showed their names who served Old Nick the best,
And lo! Ben Butler's name led all the rest!

Political and Miscellaneous Items.

IT is now conceded that the Democratic majority in San Francisco will not be less than three thousand.

THE Democrats of Mariposa county, have nominated J. W. Wilcox, the learned blacksmith, for the Assembly.

BRICK POMEROY addressed an audience of 2,000 working people in Agricultural Hall, Sacramento, August 11th. He made a telling, effective speech.

WORKINGMEN should remember that Newton Booth is in favor of Chinese imigration and cheap labor, and that the *Union* says it would *despise* him were he otherwise.

WHEN the Republicans nominated Booth, (anti-subsidy) they said, "Let us pray." When they nominated the balance of their ticket (subsidy) they again said, "Let us *prey*."—*Butte Record.*

THE Sacramento *Union* calls *The Pacific* a "religious paper," and then proceeds to quote a political article from its lavding the, Republican party in California and advocating the election of Booth. Curious ideas of religion.

THE Butte *Record* is responsible for the following: "An exchange refers to the Sacramento *Union* as 'Old Ajax.' From its former advocacy of Haight's nomination, and its present efforts to defeat him, it is entitled to the appellation of 'Ajax-ass.'"

THE municipal affairs of the Quaker City have been managed by Republicans, and very dishonest ones at that, for the past ten years. During that short period they have increased the debt of the city the enormous sum of $20,000,000, and nothing is left to show for it.

UNDER a Democratic administration the rate of annual taxation per head on every man, woman, and child in the United States, never exceeded $2,05. Under the present Republican administration it has been $8 per head, and yet the Radicals prate about Democrtic extravagance.

A REPUBLICAN who attended the Booth meeting in Placerville, says he staid till the Amador war was spoken of sneeringly, when he left, saying to himself if my party are going to abuse Haight for protecting private property from a mob, I guess I am on the side of law and private rights.

THE *Union* devotes a whole column, to show that the Democrats, at the outset of the late civil conflict, were opposed to making war on the South. They got their ideas from Horace Greely and the *Alta* and *Bulletin*, all of whom took the same ground. The "troly loil" dodge has been played out.

THE Sacramento *Democrat* aptly remarks that "the Republicans carry on a political campaign after the style in which the Chinese make war. They expect to defeat the enemy by making a great noise. The Chinamen generally sound their gongs to little purpose, and the Republicans toot their horns with no effect.

CREED HAYMOND, who has just made a careful canvass of Colusa and Tehama counties, writes that: "Colusa will certainly give Haight over 400 majority, and Tehama will not give him less than 150 majority. These figures will not fail; they are within the mark. In fact, I firmly believe the majorities will be much larger."

THE Oakland *Transcript* says Al. Dudley who has just taken the stump for the Democracy, is the best political guesser alive. He has been an active partisan for forty years, and participated in every contest during that time, and has never yet been on the loosing side. We have the most unbounded faith that he never will be.

THE *Examiner* calls attention to the name of John A. Bingham, the murderer of Mrs. Surratt—a Christian woman innocent of all crime—and says, in connection with that infamous act, the letters of his name form a most remarkable anagram. By transposition they spell out the character indicated by his great crime. John A. Bingham—Hangman, Oh! I. B. This is certainly a remarkable coincidence. We wonder if Bingham ever thought of it.

THE *Union* says there is no credit due the administration of Governor Haight for paying nearly $2,000,000 of the State debt; that it was paid because of the natural growth of the State in taxable property. Was this natural growth a sudden affair? Did it spring up like a mushroom the night after Haight's inauguration, or was it the steady growth of permanent prosperity? If the latter, why did not the Republican party realize an increase of revenue during the six years previous? In that time they not only did not pay anything on the debt, but increased it nearly $2,000,000 and more than double the rate of taxation.—*Stockton Republican.*

THE NATIONAL DEBT REDUCED TO MINUTES.—Some ingenious mathematician has computed the matter, and has discovered that our national debt, in dollars is nearly equal to the minutes which have elapsed since the creation. Here are his figures:

For example: There are sixty minutes in an hour, twenty-four hours in a day and night, 365 days and nights in a year, each year 525,600 minutes, multiply this latter sum by 6,000, the period of the earth's reputed existence, and we have:

Minutes since the creation	3,153,600,000
Federal debt	2,700,000,000

Add to the latter sum the interest on the public debt, and cost per year of a prodigate government, and we find that for every minute of time since the world came fresh from the hand of God, the United States owes a dollar for each minute.

AN ACT

To provide for the payment of the funded indebtedness of the State of California, and to contract a funded debt for that purpose.

[Approved, April 2, 1870.]

THE PEOPLE OF THE STATE OF CALIFORNIA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. For the purpose of liquidating and providing for the payment of the funded indebtedness of the State of California hereinafter specified, and to lessen the burden of taxation, the Governor of the State, the Controller of State and the Treasurer of State, and their successors in office, shall constitute a Board of Commissioners, to be styled the Loan Commissioners of the State of California, and shall have and exercise the powers and perform the duties hereinafter provided.

Sec. 2. The said Loan Commissioners are hereby authorized to issue and sell not exceeding three millions seven hundred thousand dollars of the bonds or said State, bearing interest at the rate of six per cent. per annum, which interest shall be payable semi-annually, in gold coin, on the second days in January and July in each year, at the office of the Treasurer of State. The principal of said bonds shall be made payable in gold coin within twenty years after the date of their issue, and shall be of such denominations as the said Loan Commissioners shall direct, but not less than five hundred dollars; shall bear the date of their issue, and shall be signed by the said Loan Commissioners, and shall have the seal of the State affixed thereto; and the faith of the State of California is hereby pledged for the payment of said bonds and the interest accruing thereon as herein provided.

Sec. 3. Coupons for the interest shall be attached to each bond so that they may be removed without injury or mutilation to the bond; said coupons, consecutively numbered, shall be signed by the Treasurer of the State.

Sec. 4. Before the sale of any of said bonds the said Loan Commissioners shall cause notices of such sale to be published, for the space of one month in three daily newspapers published in English, one in the City of New York, one in the City of London, in England, and one in the Capital of the State; in and for the space of one month in a daily newspaper published in French, in the City of Paris, in France, and for the space of one month in a daily newspaper published in German, in the City of Frankfort-on-the-Main, in Germany. Such notice shall specify the amount of bonds to be sold, the rate of interest they shall bear, the day and hour of sale, which shall be at the State Capital, and that sealed proposals will be received by the said Loan Commissioners for the purchase of such bonds. Within one month from the expiration of such publication, and on the day and hour named in said notice, the said Loan Commissioners shall open all sealed proposals received by them, and shall award the purchase of said bonds to such bidders as will, in their opinion, make the most advantageous bid for the State; *provided*, that said Loan Commissioners may reject any or all bids, if they deem it to the advantage of the State; and *provided* further, that they may refuse to make any award unless sufficient security shall be furnished by the bidders for the compliance with the terms of their bids; and *provided* further that said bonds shall not be sold at less than ninety-one cents on the dollar, in gold coin, par value.

Sec. 5. It shall be the duty of the Treasurer and Controller of State each to keep a separate record of all bonds sold under the provisions of this Act, showing the number, date, amount and rate of interest of each bond, and to whom the same was issued.

Sec. 6. The sum of one thousand dollars is hereby appropriated out of the General Fund for the payment of the expense that may be incurred by the Loan Commissioners in having such bonds prepared and said notices published.

Sec. 7. The proceeds of such bonds shall be paid into the State Treasury and shall be applied to the payment of the following bonds, in the order of their issuance:

First—The outstanding bonds issued under the Act entitled an Act to provide for certain equitable claims against the State of California, and to contract a funded debt for that purpose, approved April twenty-eight eighteen hundred and fifty-seven.

Second—The outstanding bonds issued under the Act of eighteen hundred and sixty.

Third—The outstanding soldiers' relief bonds.

Fourth—The outstanding soldiers' bounty bonds.

Sec. 8. All persons having any of the bonds specified in section seven of this Act shall, upon presentation of such bonds to the said Loan Commissioners, be entitled to exchange them at their par value for bonds authorized to be issued under this Act, at the rate of ninety-three cents on the dollar, at par value, but no bond shall be issued for a less sum than five hundred dollars, nor for a fractional part of a hundred dollars, but the said Loan Commissioners may issue certificates of such fractional parts not bonded, which said certificate shall be transferable and entitled to be paid out of the proceeds of the sales of any bonds provided for in section seven of this Act. The Loan Commissioners shall cancel each bond so exchanged, and shall indorse on such bond the date on which they received the same, and from whom, the number and amount of the bond issued in exchange therefor, and shall file such bond in the office of the Secretary of State.

Sec. 9. Whenever there shall be in the State Treasury, from the proceeds of the sale of bonds issued under this Act, a sum of ten thousand dollars or more, it shall be the duty of the Treasurer to advertise in two newspapers, printed in English, one in New York and one in the Capital of the State, for two months, which advertisement shall state the amount of money in the treasury applicable to the redemption of bonds, and the number of bonds, numbering therein the order of their issuance, which are redeemable; and three months from the date of the expiration of such advertisement, such bonds, unless sooner paid, shall cease to draw interest, but the money for the redemption of such bonds shall remain in the treasury to pay such bonds whenever presented.

Sec. 10. For the payment within twenty years of the principal and interest of the bonds issued under this Act, there shall be and is hereby levied annually, after the bonds have been issued under this Act, such rate of tax on each one hundred dollars of the assessed value of real and personal property in the State, to be computed by the Controller of State on the basis of the assessed value of such property for the preceding year, as shall produce annually, for the first five years, seven per centum of the amount of such bonds issued; for the next ten years thereafter, twelve per centum of the amount of such bonds issued, and thereafter, until all the bonds issued under this Act are paid, fifteen per centum of the amount of such bonds issued. The Controller shall certify the rate of tax thus computed by him to the several County Auditors, and the said Auditors are hereby directed and required to enter such rate on the assessment rolls of their respective counties, in the same manner and with the same effect as is provided by law in relation to other State taxes. Every tax levied under the provisions or authority of this Act is hereby made a lien against the property assessed, which lien shall attach on the first Monday in March in each year, and shall not be satisfied or removed until such tax has been paid. All moneys derived from taxes authorized by the provisions of this section shall be paid into the State treasury, and shall be applied—

First—To the payment of the interest on the bonds issued by the provisions of this Act.

Second—To the payment of the principal of such bonds.

Provided, that all moneys remaining in the State treasury on the third day of January, in each year, for the first five years after the issuance of any bonds under this Act, after all the interest on such bonds then due has been paid, shall be transferred by the Treasurer of State to the General Fund.

Sec. 11. Whenever, on the third day of January or July, in any year, after the expiration of five years from the date of issuance of any bonds under this Act, there remains, after the payment of the interest, as provided in the preceding section, a surplus of ten thousand dollars or more, it shall be the duty of the Treasurer to advertise, for the space of one month, in one daily newspaper, published in English, in the City of New York, and for one month, in one daily newspaper, published in English, at the State Capital, for sealed proposals, to be opened one month after the expiration of such publication by the Treasurer, in presence of the Governor or Controller, at the State Capitol, for the surrender of bonds issued under this Act, which advertisement shall state the amount of money to be on hand for the purpose of redemption; and they shall accept the lowest proposals, at rates not exceeding par value, as may redeem the greatest amount of bonds, until the amount of cash on hand for the redemption is exausted; *provided*, however, in case a sufficient amount of such bonds shall not be offered, as aforesaid, to exhaust the Sinking Fund to a less sum than ten thousand dollars, then it is hereby made the duty of the Treasurer to advertise in two newspapers, one in New York and one at the Capital of this State, for three months, which advertisement shall state the amount in the Sinking Fund, and the number of bonds, numbering them in the order of their issuance, which such fund is to be apart to pay and discharge; and if such bond so numbered in such advertisements shall not be presented for payment and cancellation at the expiration of such publications, then such fund shall remain in the treasury to discharge such bonds whenever presented, but they shall draw no interest after the expiration of such publication; before any of said bonds shall be paid, they shall be presented to the Controller, who shall endorse on each bond the amount due thereon, and shall write across the face of each bond the date of its surrender and the name of the person surrendering.

Sec. 12. The Treasurer of State shall keep a full and particular account and record of all his proceedings under this Act, and of the bonds redeemed and surrendered, and he shall transmit to the Governor an abstract of all his proceedings under this Act, with his annual report, to be by the Governor laid before the Legislature; and all books and papers pertaining to the matter provided for in this Act shall at all times be open to the inspection of any party interested, or the Governor or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both.

Sec. 13. It shall be the duty of the Treasurer to pay the interest on said bonds, when the same falls due, out of said Interest Fund, if sufficient; and if said fund be not sufficient, then to pay the deficiency out of the General Fund; *provided*, that the Controller of State shall first draw his warrant on the Treasurer, payable to the order of said Treasurer, for the amount of interest money about to become due, which said interest warrant shall be drawn at least one month previous to the maturing of the interest.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Buckingham's Dye.

FOR THE WHISKERS.

It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal. ☞ Send for a circular.

Have a wonderful effect in Congestion or Inflammation of the Liver, and in all Liver Complaints, as well as in Diseases of the Blood, Stomach, Bowels, Kidneys and Bladder.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustples, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.
